

New Product Offering From Lake Court Medical Supplies

NEW

Respironics UltraFill Home Oxygen System

RE-1074932

UltraFill is an advanced home oxygen system that combines a stationary oxygen concentrator, filling station, and high-capacity 3,000 PSI cylinders to meet the needs of a wide range of oxygen patients, including those who are highly active or require continuous flow oxygen. UltraFill also has the needs of homecare providers in mind with features intended to save money by using existing inventory and lowering operating costs.

NEW

Respironics EverFlo Oxygen Concentrator

RE-1020001

Until now, oxygen concentrators have been very similar - heavy, bulky, noisy, or require frequent maintenance. But EverFlo from Respironics is a unique stationary concentrator that delivers the features homecare providers want and patients deserve.
